About Me

I am a dedicated and passionate software and web developer with over 2 years of learning and developing experience. I have a robust background in building Point of Sale (POS) system desktop applications using .NET framework and developing comprehensive eCommerce systems with Laravel, HTML, CSS, Bootstrap, JavaScript and MySQL . Currently, I am expanding my skill set by learning Node.js. I am a highly motivated and passionate to learn new technologies including frontend, backend and machine learning.

Experience

Cafe eCommerce website with Laravel

Over seven months of experience in developing an eCommerce website with HTML, CSS, Bootstrap, jQuery, Laravel, Tailwind and MySQL. A real world appliable eCommerce with users and admin sides, order request, order handling and blog posting features.

POS system application with .NET

Two months of experience in developing a POS system with .NET. A rental system which user can rent household products.
